

# **ISS Assignments**

## **Broadcast Video Production**

### **Mr. Misner**

Please follow these instructions carefully to ensure that you receive proper credit for your work. Because you are in ISS, you are probably missing out on your REGULAR assignments.

You are responsible to do the work in ISS as well as make up any and all work that you miss in my class. ISS is **not** an excuse for missing work in my class!

You must TYPE all your work as save it as a word.doc or a PDF and upload it to the website. You must TITLE your work so that I know what you are writing.

**1 Day of ISS:** Write a one page double-spaced paper on the meaning of work ethic. Your paper MUST have correct spelling, punctuation, and grammar.

**2-3 days of ISS:** Write a three page paper double-spaced paper on the role of the producer, the director, the cameraman, the grip, best boy, light tech, sound tech and any other professions typically used on a professional NATIONAL commercial. You must include their duties and responsibilities, and site several examples of where you would see evidence of their work. Your paper MUST have correct spelling, punctuation, and grammar.

**4-5 Days of ISS:** Write a major paper of 4 pages double-spaced on a career choice in the video/media profession. You must site examples of the education and experience required to succeed in that field. You must site several examples of professionals already at work in your chosen industry.

**5-7 days of ISS:** Visit vimeo.com and watch sat least 5 instructional videos and type a one page report on each one.

If you are repeating ISS, you must choose a different topic for each section. Repeated ISS will not excuse you from the work you must do in my class.
